WORK EXPERIENCE

Full Stack Web Developer Upwork

09/2022 - Present

Beirut, Lebanon

Achievements/Tasks

- Collaborated with developers to design algorithms and flowcharts using Node.js (NestJs/Express)
- Developed frontend website architecture using React.js and Redux.
- Delivered scalable backend architectures using technologies like LangChain, Pinecone, and Redis.
- Specialized in building AI-driven systems, chatbots, and automation tools with a focus on performance and reliability.

PROJECTS

Mindywell (01/2024 - 05/2024)

- Implemented Twilio API for phone number verification and emergency 911 calls.
- Implemented vector databases (Pinecone) in combination with OpenAI API
- Built React.js frontend from scratch for a seamless user experience

Telegram Chatbots (07/2023 - 01/2024)

- Designed and deployed multiple Telegram-based chatbots using Node.js, LangChain, and Pinecone vector databases.
- Built AI-driven bots including celebrity clones, motivational speakers and more, integrating the Telegram API for seamless communication.

Mendora.ai (04/2023 - 07/2023)

- Integrated WebSockets for real-time video streaming and Stripe for subscription and credit management.
- Developed a seamless frontend using React.js with a vibrant and clean design

EDUCATION

Bachelor of Computer Science (BCompSc) ISSAE Cnam Liban

09/2021 - 08/2024

Beirut, Lebanon
